

Léo Sautron.

C++ / REAL-TIME SOFTWARE DEVELOPER — FULL-TIME INTERNSHIP OR FIRST POSITION

06 92 21 45 79 leo.sautron@epitech.eu elpepitaux.github.io github.com/ElPepitaux linkedin.com/in/leosautron

01 PROFILE

Fifth-year Epitech student (graduating 2027), software developer focused on C++ and graphics programming. Experience in industrial real-time software and in building an XR IDE. Autonomous, focused on architecture and performance.

02 SKILLS

Languages	C / C++ · Python · JavaScript / TypeScript · Haskell
Web	Next.js · React.js · Node.js
Data	MongoDB · MySQL
Tools & DevOps	Docker · Ansible · Git · GitHub Actions
Graphics	Qt (C++) · Vulkan · OpenXR

03 EXPERIENCE

APRIL — AUGUST 2025	Software Engineering Intern EXAIL Development and optimization of control software for an industrial robotic arm, including monitoring interfaces and real-time constraints. C++ · QT
JUNE 2025 — PRESENT	Co-founder PRESKATER Co-creating a startup focused on custom digital solutions, from design through to production. WEB APPLICATIONS · DIGITAL TRANSFORMATION
SEPT. 2024 — MARCH 2025	Teaching Assistant EPITECH Mentoring student projects, providing personalized guidance and leading technical workshops.
AUGUST — DECEMBER 2023	Full-Stack Developer Intern AUSTRAL ENERGIE Built accounting software and developed a customer portal and chatbot for appointment scheduling. NEXT.JS · MONGODB · NODE.JS

04 PROJECTS

FusionNet A modern TCP networking library built around the Reactor pattern, with an event loop and packet routing. C++20 CMAKE TCP	C++ NETWORKING LIBRARY
IDE pour applications XR Editor and 3D rendering for extended reality, in C++ with OpenXR and Vulkan. C++ OPENXR VULKAN	FINAL-YEAR PROJECT · EPITECH
Visualisation de Dijkstra Real-time visualization of Dijkstra's algorithm on a 10 × 10 grid, with the final path highlighted. C CSFML MAKEFILE	ALGORITHM · C / CSFML

05 EDUCATION · LANGUAGES · COMMUNITY

Epitech — Expert in Information Technology 2022 — 2027 (graduating 2027) Teaching & Coaching programs (TC1 & TC2) Foundations of pedagogy	French Native English Professional	Epitech Student Union — Vice-President Led a team of 7; events for 30–50 participants. COBRA — Programming workshops Programming workshops for young people.
